

As chef Daniel Boulud's cuisine at Boulud Sud Miami is dedicated to and inspired by the exuberant flavors of the Mediterranean, our wine list offers you a selection of wines from some of the most historic wine regions of the world. The wines we have selected from the Mediterranean basin are made from indigenous grape varieties that were grown many thousands of years ago. The tradition continues today. They are expressive of an ancient culture and climate that is warm, inviting and friendly to the bold tastes and aromas of its cuisine.

Our Sommelier can guide you on a journey that will only enhance your experience with us at Boulud Sud.

## SOMMELIER RESERVE SELECTIONS BY THE GLASS

---

*The Coravin system accesses the wine without disturbing the cork. This is achieved utilizing the combination of a surgical grade needle and argon gas. The process allows the avoidance of oxidation, allowing the remaining wine to age naturally.*

Americans these days drink wines from almost every state, continent and grape. Yet at one time they drank essentially only one: Madeira, a rich fortified wine from the Portuguese island in the Atlantic that gave it its name. Madeira, like Port, is a fortified wine created by adding brandy during fermentation. The brandy stops the conversion of the grape sugar into alcohol and carbon dioxide. As a result the wine, like Port, has about 18% sugar.
